

REMEDY OIL

100% ALL NATURAL | SUPER FOOD FOR SKIN
FOR BABIES & ADULTS | NO ALCOHOL
ALL NATURAL PRESERVATIVES

Eczema

The list of super foods in this specially formulated butter is too long to list, Organic Hemp Seed Oil, Turmeric, Mango, Sweet Almond Oil are just a few to name. This butter is designed to go on thick to nourish the skin and bring it back to looking normal in only a few days after application. It will leave the skin hydrated all day as the ingredients go to work.

BEFORE

AFTER

Psoriasis

One of the main active ingredients in this unique formulation is Green Tea known for its antioxidant and inflammation properties. Our Psoriasis Salve relieves all the itching, scaling and dryness a person gets when getting this skin disease. Our all natural remedy formulation works better and faster because we don't use alcohol or synthetic preservatives. That's where the big companies get it wrong.

BEFORE

AFTER

Rosacea

Arnica goes to work along with Olive Fruit Oil and a few other super all natural ingredients to create a nice and silky facial salve to relieve all the redness and rashes our patients get with Rosacea. We're one of the few companies in the country that offer an all natural Rosacea Salve on a commercial scale. There's a reason why we have such a loyal client base that return monthly for our skin care products. It's because they work.
